POMPEA COLLEGE OF BUSINESS

Marketing

Course Information

MKTG 6610 — Marketing Analysis & Customer Value

Fall 2026

Credit Hours: 3

Meeting: Tuesdays, 11:00 am – 1:45 pm | Allingtown Library, Room 303

Faculty Contact Information

Dr. Hesam Teymouri, Assistant Professor of Marketing

Email: hteymouri@newhaven.edu | Cell: 405-612-9474 (text first — identify self)

Office Hours (Zoom): By appointment

Department Chair Contact Information:

Dr. Subroto Roy, SRoy@newhaven.edu

Academic Dean Contact Information:

Brian Kench, Ph.D., Dean, bkench@newhaven.edu

Candice Deal, Ph.D., Associate Dean, cdeal@newhaven.edu

Note: Log in to Canvas regularly and check your Canvas inbox and announcements. Important announcements will also be emailed to your UNH address.

COURSE SYLLABUS

Course Description

This course integrates marketing strategy with the enhancement of value in firms, products, services, and industries. The course focuses on competitive and customer metrics and analysis, development of marketing strategy, and implementation of strategic marketing plans in business organizations. The course incorporates current developments in marketing to acquaint students with the present-day challenges of marketing activities and serves as a vehicle for the application and integration of the concepts, analytical tools, and problem-solving approaches to developing marketing strategy.

Extended Course Description

This is a graduate-level, case-based course that meets once per week for a 2.5-hour session. Each session is structured as follows: instructor teaches the week's concept (~30–40 min), break (~15 min), teams work on the assigned case and present their findings (~60–70 min), and teams submit a one-page brief on Canvas by midnight after class.

Students also build an AI-driven strategy report progressively across the semester, using AI tools to generate and verify customer insights, segmentation, and strategic recommendations for a company of their choice. This report is presented as the course’s final deliverable.

Course Format:

On-Ground: Fully in-person course with all students attending on campus. Some class sessions may be conducted online (asynchronous) due to the instructor’s participation in conferences in different locations. Any changes will be announced on Canvas in advance.

Required Text(s), Materials or Supplies

All required cases are available through a Harvard Business Publishing (HBP) coursepack at a 50% educator discount. Purchase all cases using the coursepack link below before Week 2.

Coursepack link: <https://hbsp.harvard.edu/import/1440282>

Total cost: \$45.90 for all 9 cases (\$5.10 per case at the 50% educator discount rate)

Week	Case	Authors	HBP Product #
2	Netflix Beyond Streaming: Strategies for the Next Era of Entertainment	Alcacer, Lucidi (2025)	725429-PDF-ENG
3	Spotify: Face the Music (Update 2024)	Vroom, Sastre Boquet (2024)	I00018-PDF-ENG
4	Airbnb, Etsy, Uber: Acquiring the First Thousand Customers	Teixeira, Brown (2016)	516094-PDF-ENG
5	Frederiksen Forum — Reflection Brief (no case to purchase; attend event)	—	—
6	McDonald’s	Quelch, Herman (2007)	508025-PDF-ENG
7	Trader Joe’s	Ager, Roberto (2013)	714419-PDF-ENG
11	The Video-Streaming Wars in 2025: Can Anyone Catch Netflix?	Elberse, Larenas (2025)	525059-PDF-ENG
12	Southwest Airlines: In a Different World	Heskett, Sasser (2010)	910419-PDF-ENG
13	Patagonia: “Earth Is Now Our Only Shareholder”	Trelstad et al. (2023)	323057-PDF-ENG
14	Amazon in 2026	Gupta, Rodriguez (2013, rev. 2026)	514025-PDF-ENG

Note: Week 5 (Sep 22) is the Frederiksen Forum — no class, no case to purchase; students attend the event and submit a reflection brief. Week 8 uses the Lay’s 2025 rebrand as a public brand discussion — no case to purchase.

Additional readings posted on Canvas by instructor (no purchase required):

- Korst, Puntoni & Toubia, “How Gen AI Is Transforming Market Research” (HBR, May–June 2025) — Week 3.
- Martin, Schwarz & Turner, “The Right Way to Build Your Brand” (HBR, Jan–Feb 2024) — Week 8.

Course Learning Outcomes

Note: outcomes are measurable and tied to assessments (case briefs, AI strategy report, midterm exam, presentations).

1. Analyze markets, industries, competitors, and customers using contemporary analytical frameworks.
2. Identify sources of customer value and competitive advantage.

3. Evaluate market opportunities using qualitative and quantitative evidence.
4. Develop customer-centric marketing strategies.
5. Apply marketing metrics to support strategic decision making.
6. Use AI as an analytical tool while critically evaluating the quality of its output.
7. Design and justify strategic marketing recommendations.
8. Communicate marketing analyses and recommendations professionally.

Expectations

This course will require significant in-class and out-of-class commitment from each student. The University estimates that a student should expect to spend two hours outside of class for each hour they are in a class. For a three-credit course, this averages six (6) hours of additional work outside of class per week.

Attendance Policy

Students are expected to attend and actively participate in all required course activities. In-person attendance is required for all class sessions, the midterm exam, and the final presentation. Students are responsible for communicating absences and making arrangements for missed work when permitted. Students who are absent for the equivalent of two weeks of class without participation or communication may be administratively withdrawn from the course in accordance with University attendance regulations. Please refer to the University Attendance Policy for additional information:

<https://catalog.newhaven.edu/content.php?catoid=33&navoid=2161#attendance>

Week 5 exception (September 22): Students are expected to attend the Frederiksen Forum at 11:00 am in the Alumni Lounge, Bartels Hall. This replaces the class session that week. Attendance at the event is required; students submit a one-page reflection brief on Canvas by midnight.

Use of Generative Artificial Intelligence

AI is a required analytical tool in this course. Students are expected to use generative AI tools for market intelligence, customer insight generation, competitor analysis, scenario planning, and research synthesis. Use of AI is encouraged and required for the AI Strategy Report. However, students must use AI as analysts, not as ghostwriters. To earn credit for AI-assisted work, students must:

- Document their AI workflow (tools used, prompts submitted, key outputs received) and be prepared to discuss it.
- Verify all AI-generated claims independently against real public evidence. Unverified or fabricated AI output presented as original analysis is an academic integrity violation.
- Disclose AI use in submitted work. Cite AI-generated content when appropriate.
- Demonstrate independent understanding and mastery of course content. Grades reward analytical quality, evidence, and managerial judgment — not generated text.

Any unauthorized use of generative AI — such as submitting AI-generated content as original written work without disclosure — will be considered a violation of academic integrity and reported in accordance with University procedures. Please refer to the Faculty Guide for Academic Misconduct at facultysupport.newhaven.edu/academic-integrity-information-for-faculty for the Academic Integrity Policy.

Course Requirements & Assessment

(All files, assignment instructions, and rubrics can be found in Canvas.)

Weekly Case Reports

Each week teams work on the assigned case during the studio block and present their findings to the class. Every team submits a one-page brief on Canvas by midnight after class. Briefs are graded on the quality of analysis, application of the week's concept, and clarity of argument.

Week 5 exception: No class. Students attend the Frederiksen Forum (11:00 am, Alumni Lounge, Bartels Hall) and submit a one-page reflection brief by midnight connecting the event to course themes.

AI Strategy Report & Final Presentation

Working in teams, students build a complete AI-driven strategy report for a company of their choice across the semester. Teams choose a company with a sufficient public footprint — a publicly traded company, a well-covered private company, or a recognizable brand — so that market data, customer reviews, and analyst coverage are available. The report is built progressively using AI tools and verified against real public evidence. It covers:

1. Synthetic customer panel — AI-generated customer personas for the chosen company
2. Synthetic qualitative research — simulated customer interviews to discover needs and pain points
3. Market segmentation — distinct customer segments identified from the AI-generated data
4. Value proposition testing — the company's value proposition tested against synthetic customers
5. Strategic recommendations — what the AI analysis reveals and what the company should do

The final deliverable is a slide deck presented in Week 15 (~10–15 minutes per team) during the 11:00 am – 1:45 pm class session in Allingtown Library, Room 303.

Midterm Exam

There is one individual, in-class midterm exam in Week 10 (Tuesday, October 27, 2026, 11:00 am – 1:45 pm, Allingtown Library Room 303). It covers the concepts and frameworks from the first half of the course (Weeks 1–8). There is no final exam; the AI Strategy Report and final presentation serve as the course's culminating assessment.

Participation & In-Class Engagement

Attendance and active contribution to lectures, case discussions, and verbal presentations each week. This grade includes peer evaluations — teammates rate each other's contribution at the end of the semester. Quality of contribution is weighted more than quantity.

Grading

Grades earned are based on performance on weekly case reports, the AI strategy report and final presentation, the midterm exam, and participation.

Item	Weight	Points
Weekly Case Reports (one-page brief + verbal presentation) — Team	40%	400
AI Strategy Report & Final Presentation — Team	30%	300
Midterm Exam — Individual	15%	150
Participation & In-Class Engagement (includes peer evaluations) — Individual	15%	150
Total	100%	1000

The calculation of final grades is determined by the faculty member. Grades and feedback are returned on Canvas. Timely submission is critical for your success in this class.

Graduate Grade Scale

Grades Scored Between	Letter Equivalent
93 to 100	A
90 to less than 93	A-
87 to less than 90	B+
83 to less than 87	B

Grades Scored Between	Letter Equivalent
80 to less than 83	B-
77 to less than 80	C+
73 to less than 77	C
70 to less than 73	C-
Less than 70	F

Course Outline / Schedule

Class meets Tuesdays, 11:00 am – 1:45 pm, Allingtown Library Room 303, beginning August 25 and ending December 1, 2026. Week 5 (Sep 22): students attend the Frederiksen Forum — no class meeting. Week 9 (Oct 19–20): Fall Break — no class. The final presentation is given on the last class day (December 1, 2026) in accordance with the course schedule. This schedule may change slightly due to unforeseen circumstances. Students will be notified of any changes through Canvas and/or university email.

Wk	Date	Topic	Case / Activity	Milestone
1	Tue, Aug 25, 2026	Course Introduction & Syllabus	No case. Review syllabus and coursepack purchase instructions.	—
2	Tue, Sep 1, 2026	What Is Customer Value?	Netflix Beyond Streaming (725429)	Form teams; choose company for AI project
3	Tue, Sep 8, 2026	AI as a Strategic Analyst	Spotify: Face the Music (100018)	Begin AI project: synthetic customer panel
4	Tue, Sep 15, 2026	Customer Journey Design	Airbnb, Etsy, Uber: Acquiring the First Thousand Customers (516094)	AI project: map customer journey
5	Tue, Sep 22, 2026	FREDERIKSEN FORUM — (11:00 am, Alumni Lounge, Bartels Hall)	Attend: The Business of Sports — Carolyn Tisch Blodgett, CEO of Next 3 & Co-Owner, NY Giants. Submit one-page reflection brief on Canvas by midnight.	Reflection brief due by midnight
6	Tue, Sep 29, 2026	Customer Insights	McDonald's (508025)	AI project: synthetic qualitative research
7	Tue, Oct 6, 2026	Segmentation	Trader Joe's (714419)	AI project: segment the market
8	Tue, Oct 13, 2026	Branding & Positioning	Lay's 2025 rebrand — public research; instructor posts discussion questions on Canvas	AI project: positioning
9	Mon–Tue, Oct 19–20, 2026	FALL BREAK — NO CLASS	—	—
10	Tue, Oct 27, 2026	Midterm Exam	No case. Exam covers Weeks 1–8.	Midterm Exam (individual, in-class, 11:00 am – 1:45 pm)
11	Tue, Nov 3, 2026	Industry Attractiveness	The Video-Streaming Wars in 2025 (525059). Week 8 case brief presentations in first 20 min.	Week 8 brief presentations; AI project: industry analysis
12	Tue, Nov 10, 2026	Competitive Analysis & Advantage	Southwest Airlines: In a Different World (910419)	AI project: competitive analysis
13	Tue, Nov 17, 2026	Value Proposition Design	Patagonia: “Earth Is Now Our Only Shareholder” (323057)	AI project: value proposition testing
14	Tue, Nov 24, 2026	Customer Lifetime Value & Customer Equity	Amazon in 2026 (514025)	AI project: CLV & strategic recommendations

Wk	Date	Topic	Case / Activity	Milestone
15	Tue, Dec 1, 2026	Final Presentations — AI Strategy Report	No case. Teams present AI Strategy Report slide decks.	AI Strategy Report due and presented
16	TBD	Final Exam	—	—

Diversity Statement

The University of New Haven embraces diversity and recognizes our responsibility to foster a diverse, inclusive, and welcoming environment in which all members of the Charger community of all backgrounds and identities can learn, work, and live together. We benefit from the academic, social, and cultural developments that arise from a diverse campus that is committed to equity, inclusion, belonging, and accountability.

We have a responsibility as a community and as individuals to address and remove barriers, achieve success, and sustain a culture of inclusivity, empathy, kindness, and compassion. We encourage, welcome, and embrace participation in ongoing dialogue, engagement, and education to critically examine and thoughtfully respond to the changing realities of our community. Diversity, equity, inclusion, acceptance, and belonging enrich the Charger community and are instrumental to institutional success and fulfillment of the University mission.

Commitment to Positive Learning Environment

The University adheres to the philosophy that all community members should enjoy an environment free of any form of harassment, sexual misconduct, discrimination, or intimate partner violence. If you have been the victim of sexual misconduct, we encourage you to report this. If you report this to a faculty or staff member, they must report the information received to the University's Title IX Coordinator.

If you encounter sexual harassment, sexual misconduct, sexual assault, or discrimination based on race, color, religion, age, national origin, ancestry, sex, sexual orientation, gender identity, or disability please contact Robin Salters, at 203-932-7022 or rsalters@newhaven.edu. To view the University's policy, visit Title IX at the University of New Haven (newhaven.edu/about/title-ix). To learn more about reporting options and the University's procedures for investigating harassment and discrimination, students are encouraged to contact the Title IX Office at titleix@newhaven.edu. Community members may also choose to report instances of harassment and discrimination anonymously through the LiveSafe App.

Reporting Bias Incidents

At the University of New Haven, there is an expectation that all community members are committed to creating and supporting a climate which promotes civility, mutual respect, and open-mindedness. There also exists an understanding that with the freedom of expression comes the responsibility to support community members' right to live and work in an environment free from harassment and fear. It is expected that all members of the University community will engage in anti-bias behavior and refrain from actions that intimidate, humiliate, or demean persons or groups or that undermine their security or self-esteem.

If you have an immediate safety concern for yourself or others, and/or believe someone poses an immediate threat to themselves or others, please contact University Police at 203-932-7070 or call 911. Community members can report bias-motivated incidents by completing the form at www.newhaven.edu/biasreporting. Community members are encouraged to complete this form if they are the target of bias or harassing behaviors, witness such behaviors, or gain knowledge of these behaviors occurring within the University community. All matters concerning bias and harassment will be handled by the Dean of Students Office and Human Resources Office.

University-wide Academic Policies

The Student Handbook (catalog.newhaven.edu/index.php?catoid=35) contains a continually updated list of University-wide Academic Policies and descriptions of key student resources. These policies include, but are not limited to, the University attendance policy; procedures for adding, dropping, and withdrawing from courses; circumstances under which faculty may consider assigning an Incomplete (INC) grade; and the academic integrity policy. The handbook also provides information on reporting bias and maintaining a

positive learning environment, including topics such as discrimination, sexual misconduct, and other related concerns.

University Student Support Services

The University recognizes that students can often use some help outside of class and offers academic assistance through several offices.

Accessibility Resources Center

The University of New Haven seeks to maintain a supportive academic environment for all students inclusive of those with disabilities including chronic health-related conditions and military service-connected disorders. If you feel that you may need reasonable accommodations to enable your full participation in this course, please provide me with your Verification of Reasonable Accommodations letter through AIM found in MyCharger or contact the Accessibility Resources Center to begin the process to ensure that accommodations can be made available to you. Reasonable accommodations are not required to be provided retroactively and may not be made without written verification from the Accessibility Resources Center. The Accessibility Resources Center is located in Sheffield Hall on the ground floor in the rear of the building, and can be reached by email at ARC@newhaven.edu or by phone at (203) 932-7332.

Tutoring and Academic Support Center (TASC)

The Tutoring and Academic Support Center (TASC) (formerly known as the Center for Learning Resources [CLR]), located on the lower level of the Peterson Library, comprises four units: the Learning Lab, which provides content tutoring for all undergraduate students; the Writing Center, which offers one-on-one writing support for undergraduate and graduate students; the Grad Lab, which provides tutoring and other academic support for graduate students; and the Learning Assistant Program, which places high-achieving undergraduate learning assistants in selected sections of challenging courses to help students reach their academic potential.

In addition to course-based tutoring, TASC offers skills-based tutoring (e.g., for computer programs and programming languages) and workshops on a wide variety of academic subjects. To make an appointment, call 203-932-7215, write to tasc@newhaven.edu, download the Navigate app, or just walk in.

Center for Academic Success and Advising (CASA)

The Center for Academic Success and Advising can help you refine your study skills and develop new academic strategies. CASA staff assists with enhancing your time management and organizational skills. They provide understanding of your GPA, degree audit, and transcripts, and can answer general questions about academic policies. They also can connect you to campus resources and assist you with resolving issues as they arise. Students can make an appointment through Navigate; CASA can be reached at casa@newhaven.edu.

Counseling and Psychological Services (CAPS)

CAPS is partnered with Hartford Healthcare to provide confidential, mental health care which is included with tuition in order to support student mental health and wellbeing. The services include individual and group therapy, support groups, consultations, medication management and 24/7 crisis support. We also provide referrals for off campus providers within the community and psychological testing. We are available in person at Charger Plaza and remotely, and are in the office M-Th, 8:30am-6:00pm, and F 8:30am-5:00pm. Please call us to schedule an appointment or with any questions at 203-932-7333; you can also schedule online at titanium-web.newhaven.edu/TitaniumWeb-CC. If you experience a mental health crisis after hours, you can call our main number for support.

Myatt Center

The Myatt Center for Diversity and Inclusion is committed to creating a multicultural environment through intentional education, campus community engagement, and valuing the unique identities of each member of the Charger Community. Our commitment to diversity is driven by the core values of connection, belonging, inclusivity, equity, acceptance, and accountability. The Myatt Center's focus is to create a respectful and inclusive environment based on our awareness and ability to engage with others who are different on many

levels including ethnicity, race, sexual orientation, gender, military, religious belief, and life experiences. Our space is open Monday through Friday from 8:30 am – 9:00 pm. Contact us at cdi@newhaven.edu or stop by!

Marvin K. Peterson Library

The library is here to support all members of the University with their research needs. Library staff can assist in locating relevant sources of information for course assignments and projects from intro courses to graduate level assignments. To work with a librarian, you can stop by the Library Service desk on the main level of the Peterson Library, use our “Ask a Librarian” chat service, or email libraryhelp@newhaven.edu. Appointments for in-person or online consultations can also be made by using the Navigate app. For 24/7 online support, library staff have created LibGuides (libguides.newhaven.edu/home) to assist with research and citation.

Office of Military and Veteran Affairs

The Office of Military & Veteran Affairs is here to answer any questions Student Veterans (both current and prospective), active duty/reserve/national guard members, and military family members have regarding transitioning to higher education, VA educational benefits, formal advising, or to listen to issues pertaining to class. The office advises, guides, and supports this student population and is available to assist at a moment's notice. For more information on Green Zone Training please email veteranservices@newhaven.edu.

This syllabus is intended to provide an overview of the course and may be updated by the instructor as needed to support student learning or address unforeseen circumstances. Students will be notified of any substantive changes through the course site and/or university email.
